

The International Hellenic University invites you to the [event](#)

# “BIORISK MANAGEMENT

a prerequisite for a booming bioeconomy”

## Event Speaker

*Dr. Patrick Rüdelsheim | General Partner of Perseus*

on **Wednesday, February 28, 2018, 17:00-19:00**  
at the International Hellenic University's campus.

In the seminar, Dr. Patrick Rudelshem, General Partner of the Perseus BVBA company, a world-leader in subjects of biosafety and biorisk management, will address issues of biorisk assessment, sustainable development, protection of biodiversity, and animal welfare based on real-life case-studies (click [here](#) for the CV).

The event will also be transmitted through **remote attendance** software.  
The working language of the event is English.
